

Allah be praised. Secret construction work at the corner of Colorado Blvd. and Rosemead appears to indicate that a traffic signal is going in there. Now the "No, you Adolph—no, you Gaston" will cease and a guy can get across the intersection in less than ten minutes.

However, we do wish that there were more bowing and less scraping at the corner of Michillinda and Sierra Madre Blvd. By the time we look up the three streets and sight the big red car half a mile away, we wish we had gone down Baldwin.

Know what the definition of a sly look is? Its the quick look you cast the other way up a one-way street.

A letter before us announces that the Los Angeles Junior C. of C. is to sing "in community fashion" in Pershing Square all this week.

That conjures up a vision of Noren Eaton, Tom Schwartz, and A. E. Morgan poised on the Park House steps to render—no, on second vision—maybe not.

"On a clear day you can see Catalina here"—and the Lions did. They were there. The annual Spring Conference took place on the island and more than 40 members and wives attended from here. On Monday morning the membership was tired, happy, sunburned and careless.

By the narrow margin of one man's sense of direction we put a paper out this week, Loran Perry and Eddie Burnett, the "boys in the back room," who make all the wheels go around, went out on the desert last weekend. Too danged far out. With their water almost gone—and their endurance as well—Perry managed to route them back to the car and finally home and here. And that's no joke, son.

Signs of the Times Dept.: Friday morning early a gentle man's secretary phoned to cancel Thursday's want-ad for a three bedroom home. Said he'd had so many calls with offers of houses that he couldn't sort them out. Remember when it was the other way around?

Speaking of classified ads (we give rates on request) there was one last week that a quick-witted evictee should have grabbed onto. "For sale—a door, four windows and a small sink." What more would you need besides a roof?

P. L. Bonebrake keeps bobbing up in this column—but its the things he does—such as resurrecting chivalry which we thought all along was dead.

Seems he was walking along Kersting Court when he met with the very pretty Mrs. Boyd Keith. Off came the Bonebrake hat. "Seeing you, Mrs. Keith, makes me wish I was 60 again!"

Editor's Note: Please stay home Fridays so our Society Scout will get more than a ringing in her ears when she phones for news of local doings.

Goebel's Malt Shop, the town's bright night spot where half the population meets of a Spring evening, has installed a supplementary freezing unit to accommodate 130 EXTRA gallons of ice cream. Now there isn't a chance that the marble fudge will run out before we get there. We hope.

Hospital Need Desperate In County, Survey Shows

Los Angeles County has received the staggering news of just how much it lacks in available hospital service and facilities as the final report of the County-wide Hospital Survey was made.

R. C. Lewis and William A. Kinney were among more than 400 businessmen, civic leaders, hospital administrators and medical men who attended an Amba-

sador Hotel luncheon where James A. Hamilton, survey director, gave a complete diagnosis of the county's hospital ills and prescribed a 20-year building program to bring the county up to required standards in available hospital services.

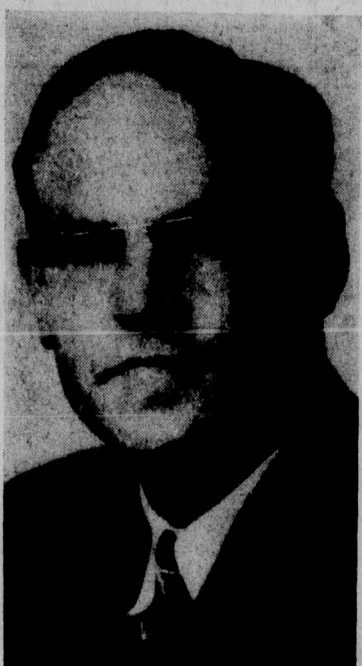

Hamilton's recommendations for area 16, which includes Sierra Madre, Arcadia and Monrovia, was for four new community general hospitals with an Urban District Hospital and one general hospital to be built by 1950 and three general hospitals to be built by 1970.

Although the present picture was dark, Hamilton declared that the county could greatly profit by the survey, by following the recommended building program, could make every dollar spent for hospital building accomplish the utmost in giving service where medical service is most urgently needed.

Kiwanis Kick-off Tues.; Campaign Captains Named Civic Club Members Join In House-to-House Drive

That knock on your door—starting Tuesday—probably will be an interested citizen of your neighborhood out collecting for Sierra Madre's five youth organizations as the Kiwanis-sponsored Community Fund Drive gets under way.

The kick-off for the drive will be Tuesday's Kiwanis luncheon at the Woman's Clubhouse when members of the City Recreation Commission will be honored guests. Mrs. J. Stadden Miller, Commission chairman, will address the club and Harry Lange.

HARRY A. LANGE

drive chairman, will explain objectives of the house-to-house campaign.

A quota of \$2681 must be reached to meet the annual budget of Boy Scouts, Girl Scouts, Camp Fire Girls, YMCA and Toy Loan, according to Robert Green, service club president.

Any monies received over and above the budget requirements will be given to the Recreation Commission, earmarked for the fund to enlarge the present Park House to accommodate dancing for the city's teen-age groups.

Mr. Lange yesterday announced names of 11 precinct chairmen who will head collection in their areas. Included are: Larry Garland, Russell Garland, Francis Eakman, Dr. M. H. A. Peterson, Dr. J. Stadden Miller, Sam McElfresh, Dr. Dan D'Arcy, Roy Pickett, Eugene Lunsford, Jack Kinsey and Frank Spencer.

"Members of the Sierra Madre Civic Club will be active in the campaign," Mr. Lange said, "and parents of children in the youth organizations we seek to support will be asked to serve with us in soliciting."

The annual Community Fund Drive was inaugurated by Kiwanis to aid youth groups and to eliminate separate drives by each organization.

Increase In P. O. Receipts Valley-Wide

A generally steady growth of population in the Western San Gabriel Valley is reflected by increase in postal receipts throughout the area. Sierra Madre showed a gain of \$2100.41 for the first four months of 1947 over the preceding year as a total of \$14,611.88 to date was announced. Total for the same period last year was \$12,511.47.

Totals were up in Temple City, Rosemead, South Pasadena, San Gabriel, San Marino, Duarte, El Monte and Azusa. Arcadia showed a slight drop for the four-month period, as did Monrovia.

Public Invited To Float Award At City Hall

The public presentation of Sierra Madre's award won in the 1947 Tournament of Roses is to be made tomorrow night at 8:30 in the City Hall when the Arts Guild meeting will be opened to all residents.

Officials of the Tournament Committee will present the award which traditionally goes to Alfred James Dewey, moving spirit, designer and hard worker on each year's beautiful contribution to the Rose Parade.

Following the award the official color movies of the parade will be shown and then the meeting will adjourn to the Guild Studio where there will be music and refreshments.

The public is invited.

First Hearings On J. L. Coley Theft Charges

Jessie L. Coley, 23, of 133 Esplanza, stood preliminary examinations in Monrovia Justice Court Friday on charges of grand theft of an automobile. His Superior Court trial has not been set.

Coley is now in the County Jail where he was sentenced on drunk driving charges by Pasadena Police.

He is charged with the April 15 theft of a car belonging to Andy Liscomb of 60 West Sierra Madre Blvd.

H. Woodruff To Appraise German Gems

Word has been received here that Harry Woodruff, well-known former resident and business man, has been appointed by the Government as Gemologist-Appraiser to examine the rare gems and jewels which the Germans confiscated during the late war.

Mr. Woodruff, whose wife is secretary to Rep. Carl Hinshaw in Washington, D. C., will do his work in Germany, flying over by Army Transport.

His appointment was brought about by a committee of 35 nations representing the Intergovernmental Committee on Refugees.

Recommendation for the important task came through the National Museum in Washington, D. C., the American Gem Society and the Gemological Institute of America.

April Building Permits Up But Year Total Behind '46

Moving in the same pattern as other valley and foothill communities, Sierra Madre this month jumped ahead of the previous year in April building construction although the four month total for this year lagged behind totals for 1946.

EDITORIAL

Why is the Sierra Madre Postoffice the sore thumb in the San Gabriel Valley area?

Why are we the only postoffice to stay closed until 9 a. m.—give but one delivery to the business area daily and send the last outgoing mail dispatch at 4:15 p. m.?

The NEWS set out to find the reasons and went all the way to Washington, D. C., when we were told to contact First Assistant Postmaster General Donaldson.

He had this to say in a telegram to the NEWS:

"OWING TO DEFICIENCIES IN APPROPRIATION IT HAS BEEN NECESSARY TO REDUCE ALLOWANCES ISSUED TO POSTOFFICES FOR OPERATION DURING JUNE QUARTER. ALL POSTMASTERS ARE EXPECTED TO RENDER BEST POSSIBLE SERVICE WITHIN AVAILABLE ALLOWANCES ACCORDING TO NEEDS OF INDIVIDUAL COMMUNITIES."

BEST POSSIBLE SERVICE!

We contacted all postoffices in the area—found them working under the same cuts in appropriations—found them "cutting corners".

But we have been unable to find any other postoffice of any class that opens its doors later than 8 a. m.—that is not attempting to give the business section two deliveries daily—that sends its last mail out earlier than 5:15 P. M.

So the "BEST POSSIBLE SERVICE" our postoffice can give us is the present shortened, squeezed schedule.

And every other postoffice in the area is out of step but us. Unlucky us!

All the proceeds from the advertisements will go toward the extension of Sierra Madre youth activities.

Grass Fire Set By Village Vandals?

Possibilities that Monday night's grass fire was set by two youths was disclosed by Sierra Madre police yesterday.

The fire, which burned over the site of the proposed library building at Sierra Madre Blvd. and Hermosa occurred Monday night.

LAWRENCE D. PRITCHARD

Lawrence D. Pritchard, ass't vice president of the Bank of America, will address the Associated Chambers of Commerce of the San Gabriel Valley at a dinner meeting May 14th.

A. E. Morgan, Sierra Madre director of the group, will attend and reservations are open to all area residents.

You can save yourself long hours of cooking in the kitchen next summer, if you take advantage of the cool weather and freeze some of your cooked foods now.

SAFE WAY

Stepping out of your parked car on the "traffic" side, may be stepping into the hospital or morgue. Squirring along the front seat to get out on the sidewalk may be a more bothersome way, but it is a way much less apt to end in bodily injury or death.

BY MAXINE BALLING

SORRY FOLKS... I just couldn't get this column written last week. We had a wedding in our family. Our oldest daughter, Barbara, married Donald Lewis of Azusa, and it was such a happy wedding. I think the reason it was such a happy wedding was that all the Ballings are so fond of Don, and the Lewises are all so fond of Barbara, and they both have so many nice friends. One little thing in the ceremony was unusually impressive to me, and it was all the sweeter because Barbara suggested it herself. Four words spoken by Mr. Balling in response to the minister's question, "Who giveth this woman..." Mr. Balling replied, "Her mother and I," instead of the usual "I do." Just two more words, but so full of meaning for a mother giving up her first child.

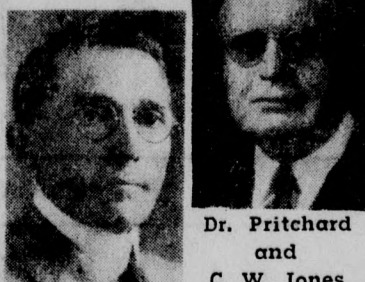

Now I must tell you about some of the new things that came in. One was a handy little seat to put on the big chair when there isn't a high chair... sort of like the ones they have in the restaurants. These are light metal, with leatherette cushion, and suction cups on the legs so they won't slip on a wooden chair. Blue or tan. They're \$2.95.

NEW "TOUGHIES" BLUE JEANS arrived too. Sizes 6 to 16. Price is \$2.75. All the kids just MUST have blue jeans to wear on MONROVIA DAY, May 17. You know that's the all day celebration in Monrovia, when everybody wears western or ranch clothes, and there's a parade, and big doings in the evening.

MRS. DR. INGRAHAM SAW STARS early one morning last week! She was still in bed asleep, when her darling little 18 months old daughter Maggie, socked her with a hard headed doll. Just a love tap, you understand... but it nearly knocked her out. Well, Mrs. Ingraham phoned the Balling Baby Shop, "Have you any SOFT dolls?" We did, and we took one right up to her. Little Margaret just loved it dearly at first sight, and wouldn't let her sisters touch it, which made it possible for Mrs. Ingraham to hide the HARD headed doll until little Maggie is old enough to understand about such things as skull fractures etc.

In other words, you can always count on the Balling Baby Shop for important little things in life, whether it's safety pins or safety dolls. The Balling Baby Shop, by the way, is located at 401 1/2 South Myrtle Avenue, in Monrovia. Drop in some time.

**HISTORICAL
QUESTION
BOX**

**Dr. Pritchard
and
C. W. Jones**

Question 15. Why did not the streets between Sierra Madre Boulevard and Grandview have Spanish names like those south of the Boulevard?

Answer. Because the people who subdivided the tracts to the north were more influenced by family and political interests. One day C. E. Cook and Irving White agreed to open a street between their respective, adjacent tracts. It happened that Mr. Cook came from Auburn, Me., and Mr. White came from Auburn, N. Y. Accordingly they agreed that they should call the street Auburn, and so it has remained. Stephen N. Norris was the owner who subdivided the twenty acres south of West Grandview at Baldwin. Being a very loyal man, he named one street for his favorite sister, Laurel, and the other Victoria, for the Queen, of the land of his birth, Canada. The designation, Lane, was made necessary by County regulations.

William Spaulding opened what is now North Lima street and being a staunch Republican, he named it Markham for the Governor then in office. W. B. Crisp laid out the southern part of Lima St. Being a loyal Democrat, he could not think of adopting Spaulding's name, so the sections remained Markham and Prospect for years.

Mrs. Cloe B. Jones opened the northern part of Hermosa to Highland, calling it Wildon, for family reasons. Mr. Cook also went into family history for the name Grandin, which he called the part of Montecito west of Auburn. When A. M. Hawks and his sister, Miss Fanny Hawks, divided their property east of Baldwin Ave., they gave one street a family name, Laura, and another was called La Belle, for a lake in Wisconsin which had family associations. Coburn was a family name among the Carters. The short strip of Montecito between Baldwin and Auburn had the contrasting name of Dixie. When Prof. Pierce first purchased his tract on Michilinda north of Sierra Madre Boulevard, he divided it by a street he called Highland, and every owner to the east fortunately carried on the name, as these tracts were divided.

This method of giving names to streets led to confusion, as it has in many American cities where no general plan has been adopted. This difficulty was not straightened out until the city was incorporated in 1907.

Question 16. What changes took place after incorporation?

Answer. The confusion in names became a great nuisance especially after the Pacific Electric Railroad was opened in 1906 and arranged to deliver freight at the various street corners. For instance, one sign board at a Sierra Madre Boulevard corner, read, Membrilla, Hermosa, Wildon and Grandin. The Railroad undertook to remedy the matter by changing all the names of the north and south streets into Spanish names for fruits. Beginning at Michilinda and going east the Company names were, Ciruela, Naranja, Lima, Membrilla, and Manzana. These names were so distasteful to the public that the town authorities decided to adopt a single name for each

street both north and south, taking one already in use if possible. This worked well until they came to Lima Street. There the Republicans would not surrender the beloved Markham, while Mr. Crisp, a Democrat, would not surrender his Prospect. So Lima, given by the Railroad Co., was accepted as a compromise and remains unto this day. In pronunciation however, we use the English long "i" instead of the Spanish "i", sounded as long "e".

The incorporation of the City also proved an excellent opportunity to do away with the confusion that existed in several other cases. Through the efforts of Captain Osgood, who circulated a petition among the property owners on Montecito Ave., that name took the place of Grandia, Dixie, and La Belle. Laura gave way to Laurel throughout. These changes of course, did not do away with the numerous jogs which had come from a lack of over-all planning, and we still continue to storm about them and will for years to come.

It is estimated that about 30,000,000 people in the United States participate in some type of financial plan for protection against sickness.

Scholarship To Be Awarded At Pomona College

Claremont, May 1—A scholarship of \$450 in honor of John P. Evans, 69-year-old Pomona Valley business leader, will be awarded annually to a man who has completed two years at Mount San Antonio Junior College to enable him to continue his college career for two more years here at Pomona College. It was announced by President E. Wilson Lyon today. The scholarship is being established by John A. Evans of Pomona in honor of his father.

One half of the John P. Evans Scholarship, as the new fund will be known, is to be available to the student selected for him to attend Pomona College during his junior year, the other half during his senior year. The first of these scholarships will be awarded this year.

Four of our local artists are starting a sketch group to take advantage of these lovely days, catching nature with the various mediums at hand—oils, pencil, etc. The originators of the idea, who hope to be joined by others are Katherine Tuttle, Myrtle Weese, Helen Narozny and Beatrice McIvor.

POLICE BLOTTER

A bicycle lost and found in such short order that it was declared "unfounded" . . . "Some one on the sidewalk may be drunk" . . . "Twas found to be so" . . . LOST—Terminal leave bond! . . . "Christian workers" were found not to be pickets. . . An abandoned auto looms up as the property of a local resident. . . FIRE PERMIT, FIRE PERMIT, one after another is a good sign of the carefulness of our people. . . When a mother and daughter's disagreement reached a stage of disturbing the neighborhood, the police were called for fear that bodily injury might result. Upsetting furniture was the worst that happened.

FIRE PERMITS seem to head the list this week. . . Rolling rocks down the side of a canyon wall, at the bottom of which people live, is dangerous to these residents. Boys found doing this were dealt with quite severely. . . While riding his motorcycle along Sierra Madre Blvd., just west of Michillinda Avenue, Dale Farris of 1944 Locust Street, Pasadena, struck a deer. He was able to continue on, despite injuries to his arm and knee. Deer also continued on and was not found. . . Cutting out of the car to "push" to get the car started was disastrous. Unable to get back in soon enough, the driver could not stop the car from going over an embankment.

Lost billfold. . . Missing tricycle. . . Lost cow! George Norris' heifer set out to discover new angles of this wonderland of ours. Looking east, then west, wagging her tail south, and jumping north, the rope that so long had kept her close to her cud-chewing, broke. The wanderlust had her. Going north, she turned south, then east 30 degrees to the south-west corner of 90 degrees latitude. By that time the cops, or somebody, found her chewing the nice tender, fresh asparagus from the prize garden of a dear neighbor. She was immediately returned to her ball and chain.

More and more fire permits. The dry season is here. . . Dog bite. . . Another man down! . . . Barking dog! Imagine that. The first one for this week. . . Petty theft. . . "Cancelled". . . When the police find time to check the cars, they still find those who have forgotten about the hour parking Ordinance. There are also a few who disregard "Red Zones". Red curbs or Red Lines mean "NO PARKING". . . An abandoned car in town is found to belong to a San Gabriel resident. . . An old jalopy moving up and down the street was too much noise for the people who lived along there. Rutledge called it a "Shot Rod" disturbance. . . Boys ranging in age from 6 to 8 years of age do considerable damage to a house under construction.

PATTY SAYRE, M.A.D. senior and Pres. of Girls' League, has been elected Queen by student body. She rules on Monrovia's birthday, May 17. Bottom row: Janice Brown, Queen Patty Sayre, Virginia Bower. Top row: Helen Norris and Barbara Worrell.

In 1897, two dollars paid to the livery stable man would rent a "rig" like this for a Sunday afternoon. If a "horseless carriage" came snorting down the road, you got out and held your coat over Dobbin's head. McKinley was president. The songs you sang were "A Hot Time in the Old Town" and "Sweet Rosie O'Grady." People were asking for Zobelein's beer, "that East side beer." Yes, sir, that's how Eastside got its name.

Crops Ahead; Production Reports Fair

Almost all crops are ahead of their normal maturity as a result of the mild winter and spring. Production prospects for 1947, however, on the whole are only fair for many of the county's leading crops, according to Harold J. Ryan, Los Angeles County Agricultural Commissioner.

Because sage and other wild flowers failed to blossom normally this spring, honey production from this source will be almost a complete failure and bee men are turning their attention to alfalfa and other irrigated crops for nectar.

Summer varieties of avocados are ripening early but the crop in this county is light. Conditions have been good for fruit set from the present bloom but it is too soon to attempt estimates as to the next crop.

Few navel oranges were left at the end of the month; in some parts of the county there was a severe drop of mature fruit toward the end of the season.

An unfavorable aspect of the April hot spell was sunburning of lemons on exposed parts of trees. Also, in some areas considerable small fruit dropped following high temperatures.

Ryan stated maturity of Valencia oranges is advanced for the time of year and the first fruit was packed for export late in April. It appears that small fruit sizes will again predominate in 1947. District agricultural inspectors estimate 90 percent of a full crop.

Social Security Claims Lost Through Late Filing

Thousands of dollars are being lost every month by persons who file delayed claims for Old-Age and Survivors Insurance, according to J. H. Wootton, manager of the Pasadena Social Security Administration field office.

In connection with the claims completed and forwarded for payment by the Pasadena office during last February, 55 claimants lost a total of \$10,166.00 because their claims were not filed on time. Several of these claimants were receiving unemployment compensation and did not know they could collect old-age insurance at the same time.

All persons who have been working under the Social Security Law and who have reached age 65 and retired from work should promptly get in touch with their Social Security Administration office.

Mrs. Ellen Graham Put Sierra Madre On the Air Waves

Mrs. Ellen N. Graham of 99 East Laurel Street was the gala recipient of one of Tom Breneman's orchids last week when she was the "oldest guest" on his radio broadcast.

Mrs. Graham, who is living with her daughter and son-in-law, Mr. and Mrs. Norvel Kemp, was 85 years old April 21. She was accompanied to the broadcast by Mr. and Mrs. Kemp and her son Joseph Graham.

Mr. and Mrs. C. W. Jones returned from San Diego Friday following a three day visit with their daughter, Mrs. H. M. Proctor, and family. The occasion was in celebration of the May first birthday of Mrs. Proctor.

Four Sierra Madre couples attended the Masonic Spring Dance at Arcadia Saturday evening; the Messers and Mesdames Robert Day, Eddie Robertson, John Douglas and Boyd Keith.

Dennis Miller celebrated his fifth birthday yesterday by entertaining several of his friends at the home of his parents, Mr. and Mrs. Thom Miller, Jr., from two until four in the afternoon.

The young people at the William Jacobs home, 1125 Fallen Leaf Road, have been on the active side with a party of twelve helping Carol to celebrate her twelfth birthday at lunch and games recently and Miss Janice entertaining Nancy Humphries of Glendale at her home over the week-end.

Newlyweds, Phyllis and Bob Murphy, were the recipients of many lovely gifts at a miscellaneous shower given them by Mr. Murphy's mother, Mrs. Oscar Willumsen Tuesday evening at their home, 94 E. Highland Avenue. Fifteen guests participated in the festivities.

Pelican Patrol, Boy Scouts, Troop 1 led by Wesley Shipway, wish to thank their friends for helping out on the recent tent fund drive during which enough money was accumulated to purchase three tents. Their prime use will be at the camporee. Connie Best was winner of the table tennis set.

Supper Dance on Sat. For Night Section Of Woman's Club

The Night Section of the Woman's Club met Monday evening under the guidance of Eileen Young. Two members were chosen, at the request of Mrs. Doyland, to be representatives for the coming year. Those chosen were Audie Lea Colvin, chairman of the section, and Barbara Heasley. Refreshments for the meeting were prepared by Mrs. Percy Kortkamp, Mrs. James Heasley and Mrs. William Stoddart.

It was announced at the meeting that a supper dance, in the hands of Toy Stoddart, will be given May 10 for the Night Section members. Those assisting will be Mrs. Ora Olsen, Mrs. Elenor Miller, Mrs. Marjorie O'Donnell and Mrs. Pat Wilcox.

STREAMS TO BE STOCKED

Fish hatcheries in Los Angeles County are planning to stock streams that have been fished out. This should improve fishing which has been rather slow throughout the county.

School Mothers To Meet May 13 On Enrollment

Mothers of children enrolled in the Community Nursery School will meet Tuesday, May 13, at 3:15 in the school quarters at the Congregational church.

According to Mrs. Marjorie Green, director, the possibility of reducing tuition to 75 cents a day will be the prime consideration of the meeting. This can be accomplished, Mrs. Green stated, by increased enrollment. Members of the Association already are contacting parents prior to the meeting to determine whether, if such a reduction were made, they would send their children more days per week.

There will also be discussion devoted to mother-participation in the school program. Child care will be provided during the meeting. School registrations are still open and parents interested may call Mrs. Richard Fortser, membership chairman.

Joan Maltby attended a PJC potluck supper for 200 in Altadena Saturday. The party was for the group of Junior College geologists who spent their recent Easter holiday at Death Valley. The evening was spent enjoying movies taken during the trip.

OUR NEW NEIGHBORS

A hundred years ago the greatest westward movement in history began . . . only a trickle at first, people began to flow into California in scattered numbers, by sailing vessel and prairie schooner. Today this human stream has become a mighty flood, and over the mountain passes people surge by thousands, in motor cars, in stream-lined buses and railroad trains, and over the peaks in giant planes, (hardly any around The Horn).

These people are our new neighbors. We welcome them and express the hope that they, too, will grow to love this favored land.

Their coming is a challenge which we cheerfully accept. To provide service for everyone is not an easy task, these days of material shortages, but step by step we are catching up, and in due time will be abreast of California's astounding growth.

'Vanity Fair' Still Tops At 100 Yrs.

William Makepeace Thack-
eray's original letter containing
words of praise for his rival,
Charles Dickens, is on exhibit at
the Huntington Library in San
Marino as part of an exhibition
celebrating the hundredth anni-
versary of "Vanity Fair."

At the Huntington the visitor
may now see Becky Sharp's first
appearance one hundred years
ago in the twenty monthly in-
stallments of "Vanity Fair" which
then sold at a shilling apiece.
The rare little pamphlets,
bound in yellow paper, issued
monthly as was then the fash-
ion in novels, are exhibited to-
gether with the first edition in
book form, also published in
1847, and several sheets of the
manuscript of the great satirical
novel.

Thackeray, one of the greatest
of English novelists, wrote much
of "Vanity Fair" in frantic haste
to beat monthly deadlines, while
the printer's devil waited below
for his copy. He was illustrator
as well as author of the fam-
ous satire, and among the items
on display are several original
drawings by him, some of which
were never used.

In order that the visitor may
visualize the London in which
lived Becky Sharp, Lord Steyne,
Major Dobbin and the other
characters of the great satire, a
series of aquatints by Thomas
Malton, depicting the West End
of early nineteenth-century Lon-
don, is exhibited on the walls
over the cases.

Reservations for admission to
the exhibits at the Huntington
Library must be made in ad-
vance by mail or telephone. The
hours are from one to four-
thirty every day except Mon-
days.

But one bid was received last night for the \$30,000 worth of municipal gas plant bonds to be issued by the City of Sierra Madre, whereat the City Trustees and others who have kept a close watch on the proceedings find much cause for wonderment. No action was taken but the one lonely bid will probably be rejected.

ALA ACTIVITIES

Memorial poppies, which will be worn here on Poppy day—May 23rd and 24th in honor of the dead of both World Wars, were received today by Sierra Madre Unit of the American Legion Auxiliary.

One million of these little red flowers were made by disabled veterans in the California hospitals this year. The work gives the disabled men something interesting to do. It occupies their hands and their minds and enables them to earn money which builds morale and makes things easier for themselves and families. Poppy day gives us all an opportunity to do something for these veterans. Buying and wearing a poppy shows that we, at least, recognize and are grateful for their sacrifices. Mrs. Orelia Stinman will have charge of the distribution of poppies in Sierra Madre.

Past Presidents who attended the pot luck supper in Pasadena on Tuesday night were Ora Olsen, Lucille Pickett, Maybelle Barker, Leila Embree, Orelia Stinman, Sylvia Quittner, and Lucille Nollac. They were accompanied by ex-service women, Leila Roberts, Donna Robertson, Esther Westover and Alberta Dill who were guests of honor at the supper. There will be an initiation of new members tonight at the home of Leila Embree at 8 o'clock. Mrs. Ora Olsen will act as hostess.

Besides ranking near the top in agricultural production Kansas boasts a mineral production consisting principally of petroleum, zinc, lead, salt, stone, cement, clay products, natural gasoline, sand, gravel and gypsum.

DECKER PAINTINGS AT ART INSTITUTE

Paintings by John Decker and gold and silver work by Philip Paval will be on special exhibit Sunday at the Pasadena Art Institute. Current exhibits will be continued.

John Decker is perhaps best known for his realistic portraits of the great of Hollywood but his work covers a variety of subjects which are well represented in the present exhibition. Such well known pictures as the portrait of Earl Carroll, lent to Earl Carroll, Circus Strong Man, lent by Jimmie McHugh, and probably one of his best pictures to date, the John Barstow Death Mask, are all included but there are also a number of exquisite still lifes, a group of the Mexican landscapes and several city scenes, notably the Great White Way.

Paval's work in gold and silver combines utility in design and great originality and the collection assembled at the Art Institute shows his versatility and sound craftsmanship in combinations of the precious metals that are in the best traditions of silverwork.

These exhibitions will open with a private view for members on the evening of May 8th at 8:00. The Art Institute is open Tuesday through Saturday 12:00 to 5:00; Sundays 2:00 to 4:30; closed Mondays.

PASADENA PLAYHOUSE

Back in New England in 1912 there was a family called Quine and they had the dagnabdest batch of troubles. So it became the custom to let Suzy Smith fix it.

Such is the premise of laughter in Guy Andros' hit comedy, "Yankee Fable", due on Pasadena Playhouse stage from May 7 to 18.

Burn down your cities and leave our farms, and your cities will spring up again as if by magic; but destroy our farms and the grass will grow in the streets of every city in the country. —William Jennings Bryan.

GI Insurance Deadline Is August 1st

Approximately 400,000 World War II veterans residing in the area of the Los Angeles Administration regional office have allowed their National Service Life Insurance policies to lapse. Spearheaded by the VA and assisted by civic, veteran, church, and fraternal groups, "GI Insurance Week" is designed to tell the veterans and their families the value of National Service Life Insurance.

Special emphasis is placed on G. I. Insurance at this time because August 1, 1947 is the deadline for reinstating lapsed policies upon a comparative health basis. This waiver of physical examinations is a great convenience to able-bodied veterans because they may until August 1 reinstate their policies at any VA office in just a few minutes. It is especially important to veterans who have war or peacetime disabilities who could not pass examinations for any kind of insurance. This group may reinstate lapsed policies, regardless of the length of lapse, by signing a statement that they are in as good health now as they were at the time of lapse.

Veterans are advised to call at their nearest VA office for full information and advice about their insurance problems.

Cancer Fund Total \$822; Below Quota

A total of \$822.51 has been collected for the American Cancer Society by the Sierra Madre Civic Club, it was announced yesterday by Mrs. Ann Tyler, campaign chairman.

Sierra Madre fell below its quota of \$1500, but Mrs. Tyler pointed out that this was the first Cancer Fund Drive ever to be conducted locally. She held out hopes for a greater response as the annual drive is established here.

Only a small proportion of the 1500 envelopes mailed out to residents have been returned and Mrs. Tyler urged that any one intending to mail in a contribution, do so at once so the fund may be closed.

The Civic Club Committee managing the campaign included: Mrs. Tyler, Mrs. Madeline Smith and Mrs. Marjorie Rizzo. All club members assisted in collection at tables in the downtown area.

If coffee and tea stains become so bad that soap and water will not remove the discolorations, rub with a moist cloth dipped in baking powder.

Fuchsia Talk Scheduled For Garden Club

Fuchsias in their multi-colored magnificence will be the subject of discussion at the Monday meeting of the Sierra Madre Garden Club. As always, the event takes place in the Masonic Hall and dinner is served at 6:30.

M. Merrill Thompson, instructor in agriculture at Alhambra High School, is to emphasize fuchsia culture in a talk on garden lore. He will show colored pictures on the screen and is donating to the Club a number of rooted cuttings of quality fuchsias to be sold for the Fountain Fund.

Jacques Hahn will speak on "Your Garden for May". Reservation should be made through Mrs. C. H. Gerke.

WILSON NOTES

Attending Wilson 'High's' annual Father and Son Picnic at Arcadia Park last Friday were three 'Sierra Madre' fathers: Clarence Borneman, William Sprager and Dr. Phillip Woodworth. Sons were Larry Borneman, Bill Sprager and Rollin Woodworth.

The boys and dads played baseball, football and also worked up a sweat over a tug of war. Dinner, followed by movies, rounded out the program.

Playing at Bonita High School in La Verne last week, as members of the Wilson Band, were seven Sierra Madre boys: Bob Morgan, trumpet; Joe Davis, trumpet; Elmer Gutherz, trumpet; Dwight Schultz, trumpet; Harold Hamm, trumpet; Bill Glenn, trombone; and Ted Tarwater, drums.

This was one of several concerts which the band has presented. On May 30th they are scheduled, to march in the Memorial Day Parade in Temple City.

Calvin Floyd and Rollin Woodworth, both Sierra Madre boys, are members of the Wilson Tennis team.

All 10th grade Sierra Madre students are now attending driving classes sponsored by the Automobile Club. This 18-day course is required.

Hazel Hurst Enrollment To Increase

As a result of contributions received by the Hazel Hurst Foundation for the Blind, officials today declared that the number of blind persons teamed with guide dogs will be increased considerably by the end of the year.

At the same time, the Board of Directors announced that operating costs would be maintained at or below the present level. The Hazel Hurst Foundation for the Blind, located at 3306 Barhite Street, Pasadena, is a non-profit organization giving its entire services, including guide dogs and industrial training, to the sightless at no charge. It is supported entirely by public contributions.

The statement concerning increased production was issued by Guy R. McComb, chairman of the board of directors.

Postgraduate fellowships in chemistry have been established on the Los Angeles and Berkeley campuses of the University of California. President Robert G. Sproul has announced.
